Dear Matt,

On behalf of the Muscular Dystrophy Association and those we serve, our sincerest thanks for your participation in the Midland Telethon Executive Lock-Up at the Holiday Inn. The event was a great success, with total pledges of over \$48,000.00!

The money raised from this event will benefit hundreds of families in the Midland area with neuromuscular disorders. The funds will be used to help provide much-needed program services, such as our clinic at Abell Hanger Medical Pavilion, support group sessions, MDA summer camp for children and research.

It's people like you who give hope to those with neuromuscular diseases. Thanks again for your support.

Sincerely,

Deanda Bollinger

Dear Mr. Lawrence,

Thank you for your support of the 7<sup>th</sup> *Annual Cadillac Invitational Golf Tournament* benefiting the National Kidney Foundation of West Texas. By underwriting the expense of the radio air time for our tournament, you have helped us to achieve our goal of raising funds to support the urgent needs of the kidney patients that live right here in the Permian Basin area.

This year our tournament was a huge success and we have you to thank for this accomplishment. Please find your ad on page seven of this year's Cadillac Invitational Official Golf Program that we have provided for you. Each golfer, sponsor and attendee of the golf tournament and the Celebrity Dinner receives a copy of this program.

Thank you again for your generous contribution to the National Kidney Foundation of West Texas and for helping us to achieve our vision of "***Making Lives Better.***"

Sincerely,

Mr. Vascocu,

I wanted to email you in regards to one of your DJs, Kelley Peterson.

I am a Medical officer in the US Army, and at the beginning of 2003, I was moved from my post of Fort Sill, OK, to Canon AFB in Clovis, NM. I immediately deployed from there to Camp Speicher, Iraq, outside Tikrit. An avid country music fan, I was having to settle with listening to CDs on my laptop during downtime. I happened to do a search of West Texas and New Mexico radio stations to see if any from back home were on line. I found the KICKS 99.1 site.

The first thing I listened to were Mike and Dana. They were awesome. It made me really miss the States, and I loved the music they played. As there is a considerable time difference between Tikrit and Texas, I figured I would not be able to hear quality music and commentary when my unit went on night alert status, which was some time after Mike and Dana went off the air. I was pleasantly surprised to find that Kelley Peterson came on the air about the same time as my Company was put on duty each night.

Kelley made the tense times in the desert night bearable for all of us. As the Battalion Commander, I and I alone had the say on what played in our Command Post during our shift. The entire Battalion learned quickly that the computer stayed logged on to Kelley's live audio. It was a real treat for my guys to be able to hop on the computer and talk to Kelley in real time and to request a song or two from her. It made their nights to hear her send it out to them and call them by name when she played their requests. Kelley also helped us through some nervous times such as once when we were under mortar fire. It was reassuring to listen to the music and to stay focused on the task at hand. We also shared our homecoming with Kelley and she talked to us all the way until we boarded the plane for Baghdad that brought us on home.

Now, that I am back home and back on duty at my post, Kelley is still a part of the day for us. The radio in my clinic officer stays parked on 99.1. War is hell, whether it be on the Front or here in the Rear Detachment. If the day is getting tough, we know we can count on Kelley to play us some great country music to pick things up. We also know we can share a joyous day with Kelley, too.

I am not sure how much, if at all, you keep up with the war and 'peace keeping' efforts going on with our military. Troop morale is at an all time low that is said to be worse than it was for troops in Vietnam. We have very young men and women as well as us 'old timers' who are fighting for the freedom of America as well as the freedom of those who can't fight for themselves. Everyone needs to know that someone cares. The smallest show of appreciation really does matter. Even though I am back home in the States, I still have part of my Battalion in Iraq. Yesterday, I talked to one of my guys who was really missing home. He hadn't heard from his family in awhile and the guy needed to know someone cared. Kelley sent out a special 'hello' to him and it made the kid's week. He called me back later and had a whole new, positive attitude and told me to tell Kelley thank you. That little thing mattered a great deal.

I will probably be receiving orders again for another tour in Afghanistan, which will be my third. I will definitely be taking KICK 99.1 and Kelley Peterson with me, as well as the rest of your awesome and talented staff.

Thank you, Sir, for a great radio station that has become part of our military family and thank you for Kelley Peterson, our 'Official DJ of the US Army'.

Always With Honor,  
LTC Jeremy D. Deerinwater  
US Army, Commanding

Dear Tommy & Mike:

We would like to take this opportunity to thank you for participating in the First Annual Midland Habitat for Humanity (MHFH) fundraiser, Tool Box Bash by providing publicity for the event. Your generous donation will go a long way toward helping us reach our goal. The proceeds from Tool Box Bash will help Habitat continue its mission of building houses in partnership with hard working families, while helping to strengthen neighborhoods. Habitat houses build lives and communities by enabling families to live in safe, decent and affordable housing. With the investment of time and financial resources into a house a partner family can call their own; a Habitat homeowner gains an economic and emotional security that, to those of us that are involved with Habitat, can only be called a blessing to behold. What a difference MHFH has made in the lives of our forty partner families!

Tool Box Bash is going to be a wonderful fun filled family event, with games to play, a silent auction, a general store and lots of food and beverages. We look forward to seeing you February 8, 2003 at the CAF Hangar. Come in your "construction casual" dress and have a great evening. We have enclosed parking permits for you and your guests. To take advantage of the priority parking, please display the parking permit on the driver's dashboard.

Dear Tommy,

Thank you so much for your gracious support of The World's Largest Christmas Party. From the restaurants, to the holiday entertainment, to the blood drive in honor of John Foster, this was truly a proud night for Midland and for our Chamber!

With some 23 food vendors, over 1,000 people in the attendance, and more than 150 door prizes, I think we can all agree that this was our most successful Christmas Party to date. Events of this magnitude would be impossible without the vision and support of civic-minded organizations such as KHKX-FM/KZRX-FM. You are truly appreciated.

As we embark on another successful year, we thank you in advance for the time, talent, testimony and treasure you afford to the Chamber and the community. You are a big reason why the "Sky's the Limit" in Midland, Texas!

The Permian Basin Regional Council on Alcohol and Drug Abuse would like to thank you for running tobacco PSA's. Through your repeated airing of these PSA's, we are able to educate our youth about the dangers associated with any tobacco use, teach parents about the effects of secondhand smoke exposure on their children, and counteract some of the tobacco companies promotion of their products.

With the continued help of local radio and TV stations, like yours, we are able to inform people that secondhand smoke exposure is linked to increased respiratory irritation, middle ear infections, as well as upper respiratory tract symptoms in infants and children. Thank you for helping in our fight to reduce smoking among young people in the Permian Basin.

Dear Mr. Vascoca,

Last week the Director of the Blakemore Planetarium at the Museum of the Southwest had the opportunity to air on your 97 Gold KMCM radio station. Les Hodges, anchoring the 6: am – 10: am time slot, invited me to talk about our Mars Party on Friday evening, Aug. 29, and the details of Mars proximity to Earth at this time.

Though the telescope viewing had to be rescheduled due to rain, we had a standing-room-only audience for the 8: pm Sky Show, and had to turn away 65 – 70 people. I'm sure my interview with Les helped let people know about the big event.

We want to let you know that we appreciated this opportunity.

Mr. Miracle,

My Name Is Wayne Anderson I Am On The Publicity Committee For March To The Roses. As You May Know By Now March To The Roses Is A Parent And Support Group To Help Raise Fund To Send The Odessa High And Permian High Schools Bands To Pasadena, California To March In The January 1, 2004 Tournament Of Roses Parade. See Attachment For A Copy Of The Press Release You Should Have Gotten( Hopefully) In January. Thank You And Leslie For The Live Spot On Your Station. With The Help And Support Of Companies And Individuals As Yourselves The Tournament Of Roses Parade Is Becoming More Of A Reality For The Students Of Both Odessa High School And Permian High School. As All Odessans Know This Is A Rare And Exciting Joint Venture Of The Two Schools. Who Would Of Ever Thought That A Parade Could Pull Odessa Together Like It Has. Just Imagine Both Schools In One Uniform.

Leslie Was Such A Pleasure To Visit With Yesterday. His Fire Sure Shows When He Is Out Promoting Your Station. His Enthusiasm Sure Did Spread In The Short Time We Visited.

One Of The Other Media Sources Is Trying To Put One Of Their Camera Crews On The Trip To California To Do Live Remotes. We Thought You Might Think About Sending Leslie With Us To Also Do Remotes. This Should Be Fairly Easy For Your Station To Do. Just Think About All The Parents, Grandparents, Aunts, Uncles, Brothers, Sisters, Etc., That Would Listen To Your Station Hoping To Find Out What Their Students Are Up To At Different Times Through Out The Eight Day Trip. This Could Be Wonderful Opportunity To Increase The Amount Of Listeners To What I Think Is The Best Station In Our Area.

Looking Forward To Working With You Through Out This Coming Fall.

Again Thank You,

Wayne Anderson

Thanks also for the tip about the library. I'll look into it. As far as the Lubbock store, I believe that was about when Bag 'n Baggage opened there, although I think it may have been under a different name.

Hi Leslie,

Yes, Bag 'n Baggage closed on the 4th of June..another business bites the dust. They closed a total of 29 of their stores including the Lubbock store. It was really sad to see this store go....it had been there since the mall opened 22 years ago. The manager had been there for 10 years and the assistant manager for 8 years.

As far as MOMs goes, since I am otherwise occupied finding another job, I have turned everything over to Debbie Magan.

On the positive side, I do have time off while my Navy daughter is home on 12 days leave (she will only be home through the 10th of July). I have been quite surprised and saddened about people's reactions. It is almost like since she wasn't in Iraq or Afghanistan her part doesn't count. She has made the comment that just a little recognition would be nice.

She is stationed at Sigonella NAS in the Mediterranean which is the jump off point for ALL aircraft headed for the Middle East. Any airborne supplies, medical supplies, food, troops etc. will have touched down at her base. She is an Aviation Boatswain's Mate Fuels so she and her colleagues definitely had a large part in the Iraqi war and are still working extremely long hours getting supplies to the troops.

Hope you have a safe holiday.

Jo,

A Proud Navy Mom  until they all come home

Dear Michael:

Please accept our sincerest thanks for sponsoring such a successful blood donor day on Tuesday, May 29, 2001. Forty-two people volunteered to give blood and 40 pints of blood were collected. This campaign helped us maintain an adequate supply of blood for our service area during one of the most difficult times - right after the long Memorial Weekend and the beginning of the long summer holidays.

95X did a fantastic job of helping us promote the special need for blood. Thank you for allowing us to be a part of your morning program on the day of the drive. Your on-going support of our efforts to maintain a safe and adequate blood supply for our community is greatly appreciated. Please extend our sincerest thanks to everyone who contributed to the success of the blood drive.

Again, it was a pleasure working with you and 95X. I have tentatively reserved the date of Friday, October 26th for a **BLOOD SUCKERS BALL** Blood Drive. Please let me know if you think this will work for you and the station.

Sincerely,

Lee Patrick

Dear Mr. Todd:

We would like to extend our thanks to you for helping with Odessa's Youth Job Fair 2001. The Public Service announcements that your radio station made on the air informed many of the area youth of our job fair. Many of these youth we would not have been able to reach were it not for announcements. Thank you for the airtime and your continuing dedication to your community.

Dear Michael,

Because of you, the Midland MDA Lockup was a huge success! Thanks to you, the Muscular Dystrophy Association is making a difference where it counts the most--in the lives of the millions of people affected by neuromuscular diseases. We appreciate your hard work and kindness in participating as a "jailbird" in the Midland MDA Lockup at The Atrium at Claydesta.

The funds raised from the lockup and other events held throughout the year will provide services to adults and children affected by muscular dystrophy in the West Texas area. These services include monthly clinics, aid in purchasing and repairing wheelchairs, diagnostic testing, genetic counseling, summer youth camp, and a worldwide research program. All of these services are provided at no cost to the patients and their families.

Thanks once again for your support of the Muscular Dystrophy Association and the Midland MDA Lock-up.

Sincerely,

David Martin, our assistant manager, was in a head-on collision on March 20 that nearly cost him his life. He is in critical condition at Parkland Hospital in Dallas. He broke both hips, a leg, and suffered some internal injuries. David has a family and three kids that have been uprooted from his extended hospital stay.

**We are having a benefit BBQ for him on June 1 from 6:00 p.m. until 9:00 p.m. at the Sheriff's Posse.**

We are also conducting a silent auction during the meal. We are taking any donations you can give – cash or something for the auction. Any help will be greatly appreciated. (Please make checks payable to his wife, Stacy Martin.)

We will be selling tickets for the meal and a raffle (a set of tires and a weekend at a deer lease)– please contact us at 915-337-1570 for further information.

RE: CASA of West Texas

To Whom It May Concern:

On behalf of the Board of Directors and the child victims of abuse we serve, we extend our most sincere gratitude to ON-CORE Broadcasting for helping us promote our Casas for CASA of West Texas playhouse fundraiser. We were able to interview on all three stations and Mike Todd from 95X came out to the event and had a live broadcast the day of the raffle. Your staff played an integral role in making our fundraiser a success.

We raised \$11,297 from this event and we were able to create a great deal of public awareness for our program and the children we serve. We also made two families very happy when they were notified about winning the playhouses. A grandmother with 12 grandchildren won the girl's playhouse and a grandmother with two grandsons won the boy's playhouse. Both families were very excited about winning.

The money we raised will help us recruit, train, and support the quality volunteers who advocate for child abuse victims in court. The Court Appointed Special Advocate (CASA) plays such an important role in the lives of child abuse victims in this area.

None of this would have been possible without your extraordinary help.

Thank you again for supporting our goal of finding safe and permanent homes for child abuse victims.

Yours truly,

Patricia Pisklak  
Development Director

In the two days since you aired our message, our blood donations doubled! Thank you for your help. We couldn't have done it without you and your listeners. Please let them know how much United Blood Services appreciated their quick response to our need. If others haven't had a chance to come in yet, they can still help at ANY time.

Thank you!

Lee
